## Equipment Rental

Our pricing is easy to understand. There's a simple daily rate; no muddling with varying rates based on the day, added insurance costs or "rental guarantees." If you book the equipment, it will be there.

The equipment listed is based on a 24 hour rental, with you picking up, and you having the experience to use the equipment. For delivery, technicians, production or anything besides the equipment rental, we will quote you for your specific event.

Pickup is located near downtown Kitchener, close to the intersection of Ottawa & Courtland.

All items are subject to a "you break it, you buy it" policy.

We have many more articles that can be combined to create a unique atmosphere for your event.

This document last modified 2025 January 21

-  Denotes made in Canada.
-  Denotes a Canadian company, but made elsewhere
-  Made within an hour of our home base.
